## SUMMARY

I'm Naveen, with 2.2 years of experience as a dynamic UI/UX designer. I hold a Google certification in UI/UX design and specialize in wireframing, prototyping, web and mobile design, and graphic design. I am dedicated to creating visually striking identities and user-centric digital experiences by fusing creativity with strategic thinking. Skilled at converting concepts into fluid user interfaces, I bring a committed focus on improving user engagement. With my extensive knowledge of graphics, I consistently develop creative solutions. I am eager to apply my abilities and passion for design to enhance your projects.

## EDUCATION

### B.A. Visual Arts (Animation and VFX)

Jawaharlal Nehru University

2018 - 2021 Hyderabad

GPA

8.8 / 10.0

### Junior UX/UI Designer

Stylosoft

07/2022 Hyderabad

## PROJECTS

### Jigya Software Solution

<https://ncl.northsouth.org/>

- The NCL project offers online exams, detailed reports, and support for teachers, principals, admins, and a question bank for efficient educational management.

### Stylodesk

[\(https://stylodesk.com/\)](https://stylodesk.com/)

- The user interface screens for the highly configurable and user-friendly CRM solution, StyloDesk CRM, were created to enhance daily business operations.

### Pristo Shop

Ongoing Project

- The project involves designing and prototyping an online clothing mobile application, developing innovative features, and collaborating with the development team to ensure a user-friendly experience.
